

Master the Art of Image, Style & Etiquette To Outclass Your Competition

"My **Personal Best Workshop** had been an **informative and enriching program** that really covered my major needs. I enjoyed myself during the entire workshop as Guinevere was very efficient and precise in her presentation and delivery, she was also very easy to understand and get along with.

My younger brother and I attended the course mainly to help give him a head start in his job search as a fresh graduate, and to equip him with the necessary skills for undertaking interviews. He also needed an image change and my parents wanted him to get professional help for it. After going through the workshop, my brother has learned quite a lot about finding the right colors for himself, how to pick the correct fit, and what sort of styles he should go for or avoid. He finds it helpful and even shares some

of his new knowledge with my parents. Although he didn't change his dressing style overnight, but there is marked improvement in the way he dresses and presents himself.

As for myself, I learned more about social graces, networking, business etiquette, and western dining etiquette. It was particularly helpful as my job scope demands a fair bit of networking and

frequent dining with business partners and acquaintances of the company. The topics and examples touched on helped to identify the minor mistakes that I've made and helped me to realize how lacking I was and equipped me with the correct and proper knowledge for future challenges in this area.

One of the reasons **why I chose Image Mastery** was of the **sense of a genuine company offering good quality service**, and that made me revert back to Image Mastery as a primary choice.

All in all, the workshop was a fun and interesting learning activity for us. Guinevere was very **professional and did a very good job** of helping us and teaching us. There was **also a lot practicing and role-playing session** where we laughed at our own mistakes and had an enjoyable time learning from it. I would recommend my family and friends to her if they ever require image consultation services.

Thank you Guinevere. Your genuine help is greatly appreciated! - Nicollet Ng"
